Thread: [Hi, howdy! Kindly check my intro!](#)

warriorcode.inc - October 9, 2026, 6:49 am

hello,

im a programmer working on web development and software programs with experience of more than a 4

+ years.. currently I've been reading lot about the world and the innovative technology because how it works along with any skillset..and technology is at some cool phase now and it is greatly helping more people to study.. im learning more about all the tech now and also read about any skill.. kindly help me to find great tutorials!

have a great day everyone!

Yours sincerely,

Warrior

Welcome to the forums, enjoy

Sift - October 9, 2026, 1:17 pm

Welcome to the community, Warrior.

DemonAsylum - October 9, 2026, 3:32 pm

Welcome to HF and thanks for the introduction!

You came to a great place for what you seek as there are massive amounts of tutorials and generally informative threads on here regarding your interests. There are of course lots of other likeminded members that share those interests too. If you're ever needing help with something, there are also members willing to assist you if they can.

Best of luck with everything and enjoy your stay!

Can you make me a bot panel

Bastille - *October 10, 2026, 12:28 am*

Hello, welcome to HF !

Nice intro, always good to see people at least some effort into this.

I hope you'll share your knowledge with us, and hope you'll learn a lot from us (that's part of the hacking culture !)

I'm into cyber security, if you have any question related to this feel free to ask in the White Hat section (on the most appropriated one), I'll do my best to answer

Hope to see you around, and don't forget to read the [Help Docs](#) :)
