?Octoberfest 2026 is here !?

The event just started, and in order to help you reach the requirements, here is a playlist to go with while typing YOUR HQ POSTS AND THREADS of course ?

[Video: <https://www.youtube.com/watch?v=1-LpQekNa9g>]

Halloween has been my favorite celebration for years, I've participated to all HF Halloween events so far, I hope we'll enjoy this month.

? Don't forget you'll be able to get the 2026 Pumpkin award, this is the 6th award, for the most dedicated member it could be a full pumpkin row.?

I've planned to post IRL content for this time, I hope you'll enjoy, but I'm sure people involved into it will appreciate my content :)

Love U all ?, and Happy Halloween my little Hackers ?

Thanks for the share! Very appropriate choice for Octoberfest and that can help us all get a bit more into the spirit of both that and Halloween. Assuming you'll be going for the pumpkin award, I wish you the best of luck!
