I need to be honest, I don't have a favourite fast food restaurant.

I don't eat fast food even remotely enough to consider one of them my favorite honestly. Funny enough though I did actually have it yesterday. I went to Chick Fil A and tried their chicken and waffles sandwich. Not gonna lie either, it was good asf.

It is pretty ridiculous how expensive they've gotten. Not to mention compared to some other chains or local places, they don't give you as much food while being more expensive.

I think Subway sandwiches have gotten crazy! What ever happened to the \$5 foot long? Now for two sandwiches and a soda it's \$30+ here in New York haha
