IMDb: [Papillon \(2017\)](#)

This is a remake on a 1973 film, which is based on a true story of a man who is framed for murder and goes to prison in France. He has an incredible story of escape attempts and punishments endured for his attempts at escaping. Stars Rami Malek and Charlie Hunnam. Movie has quite the long timeline, but it was a pretty good movie. I would rank 6.5/10
