Thread: [What Sport Have You Had The Most Success Betting On?](#)

DemonAsylum - October 11, 2026, 11:35 pm

There are tons of different sports that you're able to bet on, but I'm curious to know what sport you have found the most success betting on? I haven't done a crazy amount of sports betting, but out of all that I did do the most success I found was on UFC. I've done a bit of betting on MLB and NFL before as well, but again not with as much success.

I'm making a living betting on Soccer. I enjoy betting on Basketball too :)

No sport is treating me well this year. Hope it goes up.

Oh wow. If you don't mind my asking, around how much are you making and that you consider "a living"? Congrats on your success with the bets as well.

So as you can imagine there are ups and downs when it comes to betting but on average I'm making around \$50,000 a year which is more than enough for me to live comfortably out of it.

Horses. Betting on the horses in hong kong, sounds weird but I swear I have a system haha

Football and actually countries, not on clubs. Always had more luck that way.

eSoccer (EsportsBattle). Short 8-minute matches, a few hundred a day, and the bookies price them pretty lazily, especially the goal lines. Same players every day, so form and habits matter way more than in real football. Overs/unders have been the most profitable for me by far.

Basketball has been my strongest sport for betting up to now.

I enjoy analyzing team form, although that does not always lead to wins.
