Thread: [What Is The Hardest Boss That You've Beaten In A Game?](#)

DemonAsylum - October 12, 2026, 12:38 am

Many games boast some pretty damn difficult bosses and so I want to know what the hardest boss all of you have taken down before is. I'm a big fan of souls games and so I have no shortage of tough bosses that I've fought over and over and over again before finally beating them. Out of all of them though, sitting at the top difficulty wise has got to be either Malenia from Elden Ring or Promised Consort Radahn from the Elden Ring Shadow of the Erdtree DLC. Another good shout that I wouldn't put quite on par with them, but that is still plenty difficult is The Nameless King from Dark Souls 3.

You already know.

That new quest boss is not easy.

Malenia in Elden Ring. At least that's all I can think of at the top of my head.

Vice City RC drone mission if that counts as a boss LOL
