Thread: [What's Your Current OSRS Goal](#)

Michael - October 12, 2026, 2:06 am

As everyone will probably already know by now, OSRS is a grind game.

Whether it's getting your first 99, getting the quest cape, maxing or getting your first mega rare.

So to make it simple, what's your current OSRS goal?

For me, it's getting more collection logs and get my quest cape back.

To get active again. I just have too much going on and when I do have time to sit down and play a game, I have too many options.

You should max at this point Charlie.

I want to get my Infernal cape, but I am a long way from that yet. Enjoying the process.

That's not going to be easy.

You practicing already?

Oh no, I am not any where close to even be practicing just got my Magic level up to 55 though so I am enjoying some high alching.

What are your current plans.

I'd set at least 85 base stats for inferno.

I never played OSRS, but only went for the Twitch Badges for it lol

Why don't you start playing?

It's a really fun game.

Get active somehow and finish my main to get all the 99's. I cant say it will happen tho as I was like 80 base before sailing came in.

You should really max, it isn't that hard though.

The hard part is the time it takes. Time isnt something I enjoy using on things that much anymore. I spend a lot of my time making things better for myself and others my time is very valuable these days imo.

Last I was doing was agility. I cant say that was afk but I know there are a few methods to make it semi afk.

I got 99 agility by doing Ardougne rooftops.
Runelite is making it doable though.

Doing rooftops is just mind numbing to me after doing so many laps everywhere already.

You can easily do this while watching a movie though.

Dont really watch movies to much unless I am lucky to have spare time. I am going on hoilday next week so maybe I will have some spare time to give it ago again.

My setup has 3 screens pal, when I worked from home a few years back I was playing it daily but due to a change in jobs I cant say its as easy as it once was.
