Anyone have a preferred brand?

Let me tell you about a recent story I have with toothpaste... was using Colgate deep clean as my old one was discontinued. After a few weeks I started to get a sore mouth, peeling, etc. after two months - it finally hit me. The toothpaste... did some googling and apparently this is a common issue with this toothpaste.... In fact, it was recalled in certain parts of the world. Who would've guessed that this could happen and pass quality controls in 2026...

Crazy story, huh?

As long as it's not too minty I'm fine using anything.
