Olive garden is a favorite of mine.

As far as fast food goes, it would be either Checkers or White Castle/Krystal's (depending on region).

More like some sort of buffet?

And you can keep coming back to refill your plate?

No, they do have some endless plates that you can order. I usually get a zuppa toscana soup with either chicken parmesan or spaghetti.

It's just an Italian restaurant.

Oh, like that.

So actually a restaurant chain, as you're describing.

Why do people talk so good about it though, like they enjoy it there for real, must be very good then.

You should lookup some videos. It's not top of the line or anything but the food is good, the service is great and everything is affordable.
