Mine is music and some quiet time, no screens exception is for octoberfest if I can help it. What works for you?

Sift - October 12, 2026, 3:50 am

Watch a tv series or just spend some time with my partner.

Yes!! Thats such a good way to do it. Do you find that your partner is ok if you watch TV together? Or would they prefer other "quality time" spent together?

Both but sometimes we just sit together and do our own stuff but are still together.

Deany - October 12, 2026, 3:59 am

Sit in my bed and watch some livestreams.

Lmao! Hey, that could be pretty entertaining. Especially if its a small RV with a big group of degenerate people.

Cosa Nostra - October 12, 2026, 4:45 am

Smoke a joint and sip some tea while watching the Sunset from my balcony.

Hern - October 12, 2026, 10:08 am

Mine is easily to play some FPS game

Helps get any rage out that I had earlier in the day and helps keep me calm in situations I can't really show that side of me

Sift - October 12, 2026, 10:38 am

But my most liked way of unwinding would be some piping time with the wife.

Michael - October 12, 2026, 10:41 am

Just chill in the couch.

Jinu - October 12, 2026, 10:50 am

For me, it's music, a good meal, and just chilling for a while without worrying about anything. Sometimes doing absolutely nothing is the best way to recharge.

oRequiem - October 12, 2026, 1:44 pm

Definitely music, anime, youtube videos, and manga.
