Thread: [Whats the most random thing youve googled this week?](#)

Fish - October 12, 2026, 3:36 am

I searched what time is it. Come on, share your weirdest search.

*To be fair, I searched the time in a different country as a mate is there, and it was easier to do that than to open up a random time converter.

Yup, I can say thats definitely very random! I wonder if anyone else has some weird stuff

Sift - October 12, 2026, 3:58 am

Probably what time is it aswell.

Sometimes its the most simple things you turn to google for... Its amazing what we have turned into

Hern - October 12, 2026, 10:14 am

I also google what time is it in seconds.

This helps me on some internet drops that I need to know the exact millisecond that it hits a new minute.
