Thread: [Delivery, takeout, or cooking at home?](#)

I hate delivery because the food always arrives cold. My ranking is eating in at a restaurant first, takeout second, cooking at home third, and delivery last. What's yours?

Delivery if I don't wanna walk and pick it up

Do you not care that the food will be cold?

Meh , most of the time it's really not

Delivery or eat in restaurant, don't like cooking.

I guess that depends on what you order, if you get fries then they're cold and soggy... Sushi on the other hand... cant go wrong.

If there is beef and rice then I'm happy simple pleasures.

Beef and rice are pretty easy to reheat if they get cold too! Good for leftovers

All three can be fun, although sometimes exhausting.
Maybe a good mix of the three.

Takeout is the first for me, although I cook daily.

Eating out is fun, but when I come home, I bring food and can just do whatever without having to hear any noise or wear uncomfortable clothes; that's the best

I do takeout most days, sure it cost more than home cook meals but at least it is not as expensive as uber eats every day!

I prefer cooking at home because I know exactly what goes into my meals.
It also helps me save money.
