Thread: [Would you rather: unlimited free flights or unlimited free food delivery?](#)

Unlimited flights, easily. I could eat out anywhere in the world, and I'd have a lot more fun than I would with delivery. Which would you pick?

Deany - October 12, 2026, 3:44 am

Oh you know I'm choosing infinite food delivery.

Sift - October 12, 2026, 3:44 am

I'd choose unlimited flights.

Flights are expensive, food could be cheaper. No way to get around flights....

To be honest if you had unlimited flights could just spend 1 day in every country sleep on the plane win win.

Life hack for not needing to own a house, pay rent... Free flights - flights have food... Pretty good gig eh?

Unlimited flights, offer is way better than food I think.

No other way to think about it imo. Especially in the world that we live in today. Need to find better ways to do things.

Unlimited flights for sure. Being able to travel anywhere without worrying about ticket prices would be insane

Yes sign me up ASAP but you did forget to include if it's business class or economy class.

At first I read free flights I was like hell yeah.

Unlimited flights sound fun and the better option but not when you have a job. So for now I'd pick the food delivery and save the money up for when I actually have more freedom.

Hern - October 12, 2026, 10:13 am

Unlimited food delivery

I wouldn't be able to take advantage of flying every day but I could definitely take advantage of food delivery daily

sharn - October 18, 2026, 4:15 am

I would rather have unlimited free flights.

I love the idea of exploring new countries without worrying about ticket prices.

Oh_Well - October 18, 2026, 9:52 pm

Unlimited food.

I couldn't fly so often, but I eat every day. The amount of money I'd save from the free food would

allow me to make the trips I want.

Terry A. Davis - *October 18, 2026, 10:43 pm*

Flights, I have places I need to be semi-often.
