Thread: [Octoberfest Award 2026 - Hows everyone doing so far?](#)

**Yanix** - October 13, 2026, 3:23 am

Good day everyone!

Just wanted to start a casual check-in thread to see how everyone's progress is coming along for the Octoberfest Award 2026!

Are you already pretty much done, taking your time or haven't even started yet?

Drop a reply and let everyone know how it's going!

**Sift** - October 13, 2026, 3:24 am

For me very well, already finished.

Going for the lounge head award.

Oh wow, brother you got it pretty fast. Congratulations!

In no time, you'll have that Lounge Head award as well. Btw that was my very first award to have for my account.

**Deany** - October 13, 2026, 3:37 am

I am not even at 50% going by slow

**Eran** - October 13, 2026, 3:38 am

6% but no panic here at all I will for sure get it within a week or so

**Fish** - October 13, 2026, 3:39 am

around 60%, going slow and steady. yourself?

**Charlie Sheen** - October 13, 2026, 3:40 am

I'm sitting at 57%

I'm hoping to knock this out this afternoon after work.

Probably you'll have it by the end of the week or less. As for me, I am still on 27% doing a little posting for today. Hoping to find more time tomorrow and reach the 50% level.

I guess you'll have it before the weekend, I know you can do it real fast if you really wanted to?

I believe the post you replied to was my last post I needed!

I also believe the % for the award goal is glitched. Mine said around 60%... then I got the award one post later.

In a week maybe haha

Just a lot of things I am dealing lately and cannot focus for this award goal, but I will try my best and never give up.

I've got my 30 threads knocked out. Just seems posts are all that's left for me.

Yeah I'll be surprised if I don't have it completed today. The goal this year was really nice and easy. I was worried it was going to be something like 800 posts and 80 threads.

That would be intense what have the previous goals been each year?

I think it started 500 posts then he announced 500 posts and 25 threads with an increase of 100 posts requirement per year.

Sounds like a real work.

**Mix** - October 13, 2026, 5:02 am

Sitting just over 20% right now. I need to work on making a few extra threads and I know we will be looking a lot better.

I expect I will, I know with the threads I make weekly I will meet it all around a week before I reckon.

I can't wait. This red one looks like it might be my new favorite OctoberFest award. I'm really liking the dark red.

**Charlie Sheen** - October 13, 2026, 5:06 am

(30 hours ago)Sift Wrote: [\[CITE\]](#) Sounds like a real work.

Yeah he was regularly increasing the requirement each year but this year with the delay due to the server move he decided to lower it.

Yeah it looks really great on your profile. Matches nicely with that R00t red. It really reminds me of that old Fallen red with the shadow.

At first I thought it was a white diamond until I cleared my image caches.

Yeah lol, every new award appears as the white diamond until you clear your cache for some reason.

**Yanix** - October 13, 2026, 8:36 am

I am now on 38% and hoping to get my daily target of 20% just to have it on striking distance hahaha

**Eran** - October 13, 2026, 8:38 am

At 11% currently but as I said before no panic at all, just vibing. :)

With the pacing you have I guess in 2 weeks time or less, you will be able to have it on your account.

**jcole** - October 13, 2026, 9:03 am

I'm at like 25%? No rush for me.. Just casually pursuing the award.

**Eran** - October 13, 2026, 9:07 am

(26 hours ago)Yanix Wrote: [\[CITE\]](#) Hopefully things go smoothly and you won't have too many unexpected setbacks along the way!

This year I'm guessing it's only 300 posts cause it launched like 2 days ago? Well last year I didn't even start actively posting until the last third of the month so I think I'll be good!

**Yin Yang** - October 13, 2026, 9:09 am

I started yesterday, got a long way to go

You'll get there no worries.

**Deany** - October 13, 2026, 9:25 am

50% right now. Why does it feel so long lol.

**Hern** - October 13, 2026, 9:55 am

Still staying active but keeping it slow so that the posts are not meaningless but actually have some purpose.

**Bastille** - October 13, 2026, 10:12 am

29% right now; every year, I've always put a lot of effort into making sure my posts and threads are at least relevant. For me, it's an opportunity to bring up interesting topics related to hacking, cybersecurity, or IT in general, often with detailed demonstrations.

I'm currently at around 150 posts and 11 threads, I believe, so I should be fine by October 31st. I've still got plenty of thread ideas in mind !

I don't have any script for that bro, I just check it manually and so as with the postings I have made.

**Laughing Man** - October 14, 2026, 6:50 am

Started my grind, half way through the ability to get the award.
