NGL, I'm doing this right now. I remember one summer, it was like 2017/2018 where Vanilla hosted his giveaway and I was on that like crazy while at work lol.

I'm trying to participate more during work and throughout my daily routine. Maybe I've just gotten lazy or too old to chat as much as I used to. ?

I'm always up for chasing every award I can get, but lately I've been really busy with so much on my plate. That's why I've been slacking a little on the Octoberfest award. Hopefully, I can catch up soon!

Lol, I'm at exactly 11% too! I'll try to be more active. The biggest challenge might be the threads rather than the posts themselves. ?

Unless you're a godly multitaskerDepends on the position. I work a software dev company, and in a leadership role, so I have more leeway
