Can someone explain Daily Flippers to me? I see these threads pop up a lot lol.

An Award Goal. Win Convo Flips for 10 days in a row.

No matter the amount bet or how many times you flip some bytes, what matters is you ended up a win for 10 consecutive days.

Wake - October 16, 2026, 5:14 am

People go into Convo and flip the Bytes they earn posting around the forum, these flips are then collected and the data is posted on the Daily Flippers thread so we can see a list of how some of the users flips went.

How many flips do you have to win?

Why do they flip bytes?

To earn more or to gamble? [Seinfeld](#) went from 2k to 35k, the rest of the flippers I am unsure you would have to ask them their purpose for flipping. Mine currently is to earn the Flip Reaper award, I was 7 days in when the server move happened and lost my progress.

You have to win 10 days, be in profit for Bytes each day and it will count.

10 consecutive days of winning. Even 1 win counts, but you need to do it 10 straight days.

Tips: Just play couple of flip, once you are on +bytes no matter how much you can stop and be back on the next day for another game. Always stops when you are on +bytes and don't push so hard to win more, it will lead for losing to [Stanley](#)

That sucks, 7 days in a row then suddenly the convo breaks out. So how's your progress up to date?

Day 2 at the moment will be back to 7 days in no time.

Best of luck, I know you can make it. Discipline on the game is the key, you know the drill ?

Hern - October 16, 2026, 8:26 am

If you win enough they will fog your mind to then go ALL IN and then take everything from you at once :P

Yeah sadly can relate to that, damn I lost so much in this game I am still sad about all the losses....

Jinu - *October 16, 2026, 9:21 am*

It's an award goal. Go to Convo and type `Flip/10` or `Flip/100`, depending on how many Bytes you want to bet. You can either win or lose the bet. If you finish the day with a positive balance, it counts as a win. Achieve this for 10 consecutive days to earn the award.

Note:You can flip as many times as you want, as long as you have enough Bytes. However, your total balance must be positive at the end of each day for that day to count as a win.

Example: If you have 25 Bytes and bet all 25 using `Flip/25`, winning will give you 50 Bytes in your profile. Since your balance is positive at the end of the day, it counts as a win.
