Thread: [Constructing Fully Dedicated Mobile Forum need Partners\[domain:Mobiforums.net \]](#)

Invincible - August 25, 2010, 8:21 am

Well I had been thinking of this for a while now
to construct a fully dedicated mobile forum
and have taken a step forward
I have got a Domain mobiforums.net
with hosting and would pay all the expenses of hosting a site

Well i Need some partners who are well experienced in mobile niche and
would become admins and mods on the website
currently the website is blank as i would contact every person who is helping
as to what to add in the site

So guys If you are intrested you can contact me on msn or Pm here:
