Could somebody Download the file and put a virus scan?

My internet is slow at the moment and i didn't arrive to post a fucking scan. Sorry about that.

By the way, heres the download link and hope you like the VPN:

don't take it to personal this sections dead LOL....

i dont like any of the hide ip crap always messes up my Internet

Li0nKing - August 27, 2010, 8:42 am

its have pw on it?

too short

CheatKing - August 27, 2010, 8:45 am

im downloading it at the moment!

Thanks already dude!

Eminent - August 27, 2010, 9:37 am

No viruses, I scanned and been using for a few days now. =)

d0peb0y - August 27, 2010, 11:02 am

a: you did not crack it so don't take credits plz?.

b: why can't you just use a proxie???

ariton - August 27, 2010, 11:21 am

I've not cracked it, but i don't know who cracked it.

EDIT: VPN is gooder and easier!

colinf - August 27, 2010, 11:26 am

Is there a password for this?

ariton - August 27, 2010, 11:39 am

I forgot. If it is, i will see another link.

Stifl3R - August 27, 2010, 12:45 pm

i've tryed this and it works great. Thanks!!!

ariton - August 27, 2010, 12:48 pm

No problemoo, MarkoProHaker. I'm here too keep you undetected. lol

Aidejonas - August 28, 2010, 12:48 am

Thanks for sharing this mate.

Will download soon! xD

ariton - August 28, 2010, 5:09 am

Okey and thanks for posting!

Scooby Doo. - August 28, 2010, 2:55 pm

OMg what is the password!??

FaithOfHeaven - September 2, 2010, 8:46 am

Ye What's the password? Why not posting it with the file.. ?

JpD - September 2, 2010, 9:34 am

hay dude i need the password too ^^

hay download it from chip (http://download.chip.eu/de/Hide-IP-Platinum_1314537.html) and then after install past in the registry code i hav found ... 0D890C86D0C65CD3 ... !! it works fine for me

FaithOfHeaven - September 2, 2010, 11:08 am

Ye he's probably in sleep :D

ariton - September 2, 2010, 11:58 am

Use the rar-password finder. I don't remember the password anymore!

Dirty_Sanchez - October 9, 2010, 7:00 pm

r u fuking kidding me.

u dont remember the password?
