No he isn't, you GTFO. He is a very trusted bot seller and has done many deals here. As he said,

Okay,

- 1) The money went to Crust's LR.
- 2) I said i can get you a ipad through crust
- 3) You knew i was working for crust.
- 4) I stopped working with crust and i work alone now.

Also, if you want to post a scam report go to Marketplace Discussions > Scam Reports > Make new thread. There you go.
