How to use ListView

Hello guys!

Just come up with idea that I could post this, since I needed this for my binder and thought it's not that big deal, but can help some people. Basically, this example will teach you how to use ListView in proper way. You can retrieve some basic information from the selected file, if you need help please post! Also, please leave your feedback & enjoy! ?

Screenshot:

Awesome, I'll definately use this! :D

wyterzzz - September 11, 2010, 1:57 pm

thank you pr3fix,this will be useful for me ?

Modesty - September 11, 2010, 1:57 pm

Challenge for you....try to make it show the associated icon aswell :)

Its fairly easy tbh.

pr3fix - September 11, 2010, 1:59 pm

Okay sure PYRO. Give me few minutes and Ill post an example with icon too!

ubbelol - September 11, 2010, 2:14 pm

Why oh why do you need to put download links on easy stuff like this? You could've easily just pasted it on pastie or pastebin and much more people would "learn" from it.

thanks for the source, do you know if you can make each item is different than the one above like for example:

```
item1: gray
item2: light gray
item3: gray
item4: light gray
...etc
```

fairly easy? Its easy as hell.

```
Image List
ExtractAssociatedIcon
Listview1.Items.Add("Example").ImageIndex = ImageList1.Images.Count - 1
```

3 Things ?

Not the full code, but its the idea of it.

(Sep 11, 2010 02:35 PM)UbbeLoL Wrote: [\[CITE\]](#) Are you talking about backcolor?

<https://hackforums.net/showthread.php?tid=617683>

```
for i = 0 to listview1.items.count -1
if i mod 2 = 0 then
listview1.items.item(i).backcolor = color.grey
end if
next
```

Image List

ExtractAssociatedIcon

Listview1.Items.Add("Example").ImageIndex = ImageList1.Images.Count - 1

3 Things ?

Not the full code, but its the idea of it.

indeed its super easy.... just have a look at my advanced binder...

[img]http://i51.[censored].com/2wn2y6t.jpg[/img]

^^ yeah... show off time!

pr3fix - September 11, 2010, 2:41 pm

And yeah, this source is extremely easy.

I shared it because I coded it for my binder and thought I could share something since I didn't had time to post anything or code, nothing but for my crypter.

Invincious - September 11, 2010, 2:46 pm

This is amazing,I will be using this in the future

well maybe its super duper uber easy for you guys,

but its hard for people who just started to learn VB net like me. ?
