What till they upload a new premium account for \$harecash,

Btw it works for the rest of the sites ?

**Outstrafe** - September 22, 2010, 12:38 pm

This will save a bunch of time.

Although since it's 1000MB = 1 Account, do you have to remake accounts each time once space is out. Correct?

Or is just 1000MB each time you convert?

**teddj** - September 22, 2010, 1:31 pm
