Thanks, have fun and i hope you enjoyed these packages =)

Maasie - September 23, 2010, 9:47 am

Downloaded all of them, and instaleld about 700 fonts xD
Chose the TrueType ones from pack 1. That will do for now =)

Now downloading renders. Downloading photoshop, renders & font pack causes FireFox to crash.
Dont try it xD!

siccnes@nolife.info - September 23, 2010, 9:51 am

thankz downloading right now

People - September 23, 2010, 10:23 am

You're welcome guys, i hope you enjoyed the packages =)

MasterMind98 - September 23, 2010, 11:11 am

I'll take the font pack and render pack. Thanks

People - September 23, 2010, 9:45 pm

Take whatever you want, no problems & enjoy =)

Josh-Emm - September 24, 2010, 6:53 am

Thank you sir if there not uploaded by sharecash :D

People - September 24, 2010, 8:35 am

No problems, and yes they're not uploaded by spam, but i think the wallpaper is, but it's a way of thanking me.

R0CKeNN - September 24, 2010, 9:02 am

Thank you.

Downloading the render pack atm.

I guess I'll have them half, but idk.. :P

People - September 24, 2010, 9:22 am

No problemos, hope you enjoy the pack(s)!

evilwcownz - September 24, 2010, 1:10 pm

Thanks , i'm working on a signature pic right now, i needed this :P

People - September 25, 2010, 12:42 am

No problem mate, i'm 100% sure these will come to hand when you're in the making of a signature!

iCookie - September 25, 2010, 1:18 am

I've downloaded the 2000+ renders one and damn it's pretty good :D.

Thanks for this.

People - September 25, 2010, 12:52 pm

Thank you mate, that was a very great comment, thanks once again and no problems!
