Ok, so this guy, with 80+ rep was really nice, and I was convinced that he wasn't a scammer. Plus, he didn't have a scam report on him at that time.

So I made a deal with him for him to get me a Sidewinder x6 and x8 for \$35, and then he stopped contacting me and that's when I knew something was up.

Tracked one message which he did not reply to.

(Asked for refund)

Video of my chat logs with him, and when he said the initial sent out date was...

Full screen in HD will make it more clear.

EDIT: And can someone remove the -rep on me because I never asked for rep.

Goddang...

An HD video recording of the conversation discussing the initial deal?

Bravo, sir.

I am very, very sorry for your loss. Although I hope it all turns out to be a misunderstanding and you're given what you paid for, or even a full refund.

If all goes the way it seems: then I am sorry.

He is a proven scammer. I know there wasn't a report on him at the time of the deal, so there is no way you could have known. I hope he receives appropriate feedback.

It was the date he mentioned it was sent out.

At least I'm inside the time limit to file for a chargeback =/.

I suggest that you always look into the user, don't always trust REP or UB3R or L33T.
