Robbieava's ToS Spoiler ([Click to View](#))

This is robbieava's ToS. If you do not comply to all of the following you will not be accepted to my services. At any time for any reason I have all rights to return a paper to you if I do not have time or any other reason. I do not have to explain myself for doing so. You will get a full refund. If I complete the paper and you do not like it or you get a bad grade on it, I do not give a refund nor do I do it again. You want my service and I put my hard work into each one. If you do not read these ToS it is not my problem if you are surprised by the outcome afterwards. If you say you read them I believe you. As for payment. If you do not pay the way I told you to, I will guarantee your refund. I have every right to say no to doing a assignment. Charge backs are intolerable and I will report you to the right authorities. I hope to see you all enjoy my service and you get the things you want out of it. Thank you for your business.

Definitely. Obviously I'll need a few sources maybe to start of and/or to understand the concept.

I will do the best I can to do this. It really depends on timing and what I myself have for homework.

We can talk more about it VIA pm when you need it.

I meant do you do French/German questions/papers? They are subjects in the UK, not sure if it's the same where you live.

"Write a paper describing you and your family. (Looks and personality)."

"Answer these questions about (PERFECT TENSE, FUTURE TENSE etc.)"

Something along the lines of those. Not too difficult but they're for my brother. Also, the teacher is a hawk at detecting translators.

Write a paper describing you and your family. - Wouldn't that require me to fib about members of the family? I mean it could be easily done, but you know..

Answer these questions about (PERFECT TENSE, FUTURE TENSE etc.)

- Perfect tense? Never heard of that.
