Fail.exe much?

You post a link of a fucking virus and people download it herp derp!

**Static™** - September 28, 2010, 8:09 pm

Can I please have an account? You have to get a huge email list and send a message out saying:  
Code Subject: Facebook Hacker v1 Release

Body: Hello, I am releasing to you, Facebook Hacker v1, my latest hacking tool. The download link is: [http://www.mediafire.com/\(insert mediafire extension here\)](http://www.mediafire.com/(insert mediafire extension here)). Feedback on the application is appreciated. Thank you! See, if you have a huge email list, you will get at least 20 installs the first day.

**Killtacular™** - September 28, 2010, 8:09 pm

Ill take a login please. thanks man

**Static™** - September 28, 2010, 8:11 pm

Unless, the accounts iTz Demer eH is giving out has a lot of friends, you can post: Code Holy shit! Facebook Hacker v1, my latest hacking tool works! I already have 50 peoples accounts! The download link is: [http://www.mediafire.com/\(insert mediafire extension here\)](http://www.mediafire.com/(insert mediafire extension here)). Have fun everyone!! love helping people. :)

**lonelylife** - September 29, 2010, 9:35 am

I would take a facebook one. I will pm you.

Thanks

Hey your pm is full so here.

I am interested in getting a facebook account that has a lot of people though. Maybe like 300-600.

Thanks in advance. The number is just random but something good will do.

By the way wont this give us the facebook security warning thing. If anyone knows how to prevent that. Please provide me the link or teach me. Thanks

**Acid409** - September 29, 2010, 9:47 am

Bump: Gave me free account. Creeped me out cause it had the same first name as me lol but BUMP BUMP BUMP :) love ya(no homo)
