If you are talking about the Trailer, it says "K-On! Movie" at the end.

If you are talking about the actual movie, let CoalGuys do that :D

What is Moeblob?

Keion is a Slice of life anime...

Moeblob:

Also moéblob. A character who is moe to the point of lacking almost any other definable traits, physically or character-wise. Cuteness taken to an unappealing level.

I agree about the moe. But "Cuteness taken to an unappealing level" is just not right. :P

I'm guessing that they'll get sponsored and eventually have a chance of playing at that one concert they always wanted to.
