Thread: [Made \\$165 CASH In 5 hours](#)

**OG iFuck** - October 10, 2010, 11:13 pm

I sold both my 2GB iPod Shuffle & my 32GB iPod Touch for a combined \$165 today.

Sold the shuffle to a friend and the touch on craigslist.org.

Just thought i would brag about this since I got them both using an eBay method for nearly nothing at all.

Awesome man! I love buying and reselling off ebay! Don't do it much anymore because it takes to much time.

**OG iFuck** - October 13, 2010, 6:46 pm

Well I just buy off eBay and sell IRL or CraigsList.
