I need to find NARUTO EPISODES IN ENGLISH ONLINE

D:

I find the japanese ones with subtitles, but I dont like that one cause I can't watch the pictures, I gotta read it all.

PurpleHaze - May 3, 2009, 8:45 am

<http://www.narutospot.net/>

Has up to like 200+ episodes in english.

I have been watching them since yesterday, it is really my first anime.

Anarchy101 - May 3, 2009, 8:45 am

Well what episode are you on cause they didnt finish dubin all the regular naruto episodes yet. When i went through and watched all them they were only up to like episode 103 but they might be alittle higher by now. But yea your gonna have to eventually watch it subbed one way or another.

Oh thanks man.

and I dunno, I'm only around episode 60.

i'm gonna start watching tons of anime in the summer ^_^

so yeah lol.

PurpleHaze - May 3, 2009, 8:47 am

It shows that they got up to 209 dubbed.

GNCM - May 3, 2009, 8:54 am

Thanks for that site Purple ^^ I'm building a big collection of anime for my summer holidays aswell.

DaSkipper - May 3, 2009, 9:53 am

DON'T MAKE YOUR FIRST ANINE, NARUTO. HOLY JESUS NO. Trust me, people will just keep ridiculing you when you try to have a serious conversation.

PurpleHaze - May 3, 2009, 9:55 am

Naruto is the one that looked cool to me.

DaSkipper - May 3, 2009, 9:58 am

When you waste your life watching the 100 fillers, don't go crying to me. THEY DON'T EVEN HAVE CHARACTER DEVELOPMENT.

Sir Neko - May 3, 2009, 10:13 am

You find diff kind of anime from here.

<http://www.anime-ss.com/>

Naruto from here.

<http://www.naruto-episode.net/episodes.html>

Shippuden from here.

<http://www.anime-ss.com/narutoshippuuden.html>

ExpiredNumber - May 3, 2009, 10:26 am

Thanks for the sites.

and Naruto is my fav.

I wanted to watch um.. Death note.. but I need to find it from episode 1.

and Bleach is what I use to watch but I never watched it from episode 1.

fagalite - May 3, 2009, 10:31 am

dont watch naruto read it, trust me its a waste of time watching the fillers and then yodont get to see Kakashi Gaiden....

Sir Neko - May 3, 2009, 11:15 am

Reading manga more of a waste of time, than watching manga to me, and to alot of ppl I guess.

ExpiredNumber - May 3, 2009, 11:33 am

I bought manga too.

naruto lol.

I like watching it more than reading.

Nyx- - May 3, 2009, 12:55 pm

ive been learning how to read since i was in 2nd grade so subtitles work fine for me, but i understand it if you cant read english.

Psycho - May 3, 2009, 1:08 pm

Seeing the animation isn't worth it. All of the voice actors in English dubs are horrible.

I could vomit all over the place listening to that. :|

Raseilord-Rika - May 3, 2009, 1:09 pm

Eng Dubs are crappy anyways. :\

zerovalue0 - May 3, 2009, 2:00 pm

dude some episodes didnt come out in english i think the site was naruto4psp.com

ExpiredNumber - May 3, 2009, 2:06 pm

I hate it.

Because you hear the japanese and then you have to read the english subtitles.

it's really gay.

Nyx- - May 3, 2009, 2:08 pm

hearing and reading should come second nature by now

ViciouS - May 3, 2009, 3:32 pm

only in english? cant help you with that one. naruto isnt really a great one for english though. very few animes are good in english cause of bad voice acting. you should try and get to the subs quick.

and you definitely wont enjoy fillers. seriously....a story about mailmen and fiery purple birds later on. not that great. manga is definitely great

exactly, if you dont like subs now, your hope of ever like anime is going to be crushed because 1. dubs are shit 2. most of the great animes dont even have dubs.

PurpleHaze - May 3, 2009, 4:43 pm

I bet after you watch allot of anime you can learn Japanese.

ExpiredNumber - May 3, 2009, 5:25 pm

loooooooooool.

I use to listen to japanese songs.

but i got out of anime..but now that my girlfriend is so in love with anime I guess i'll be in it again. and I guess I'll try the dubs, it's not that bad..too bad I wasn't Japanese though =/

PurpleHaze - May 3, 2009, 5:42 pm

The Naruto dubs seem to be perfect.

Nyx- - May 3, 2009, 5:47 pm

actually naruto dubs arent bad, its just that naruto is a kids anime to me(why i dont watch it), and if you can get used to subs then you can watch every anime in good quality, rather then worry about how shitty the dubs are or not, or if it has dubs at all since most dont.

ExpiredNumber - May 3, 2009, 5:53 pm

In naruto dubs don't they add BELIEVE IT in the dubs just because they talk more in the japanese version?

and I like Naruto, it was really cool i didnt think it was kidish cause it's kind of perverted. i like the characters in it too.

Zelowa - May 3, 2009, 11:02 pm

not all american shows suck.. i like smallville, house, chuck, heroes.. also all the movies they've been coming out with have been great! (the old comic remake and such...)

ExpiredNumber - May 5, 2009, 11:22 am

i dont watch much american shows..
besides simpsons, family guy...that's about it lol.
ren and stimpy was awesome.

but the cartoons for children it just got sooo stupid.
like if you're in Canada which you're not teletoon hosts the stuipidest lamest shows ever, so I dont watch tv anymore.
just like all the old games were better, all the old tv shows are better.

Sir Neko - May 6, 2009, 8:55 am

Iv watched Cartoon About 10 yrs for now, it has been my fav channel since, ever.

Severe - May 8, 2009, 6:26 pm

To me hearing the English voices just makes me want to puke. Some of them are REALLY horrible.
I rather listen to it and read the Subtitles.

ExpiredNumber - May 9, 2009, 3:32 am

Was Shin Chan originally in Japanese?
God I love that show ^_^

i found season 2 but it's missing 7 episodes =/
