Selling keys on ebay pays off. No paypal limitations or ebay suspensions yet. But I plan to get out while I'm ahead. Sold only 5 keys too :)

Matthew 6:33 - October 13, 2010, 10:48 pm

nitrateoxide - October 13, 2010, 10:53 pm

Thanks guys. Yeah, i just pray they don't get blacklisted. Shouldn't, but i don't like angry buyers.

mastertodo - October 13, 2010, 10:55 pm

Now invest that into a legitimate campaign and you'll be set ;)

Exactly. But I'm not sure what to do. I want to buy a 2tb hd, which is \$150 AU and a cellphone jammer for \$30. I have around \$150 left. Where to invest....

nitrateoxide - October 14, 2010, 12:05 am

Yeah I do have a method. Yeah MS keys. But this is my own developed method, not some \$5 HF Ebook.

OG iFuck - October 14, 2010, 12:09 am

Well I'm glad to see HF members making cash. Congrats!

nitrateoxide - October 14, 2010, 12:20 am

Thanks, still deciding what to invest in....

CyanogenMod - October 14, 2010, 1:07 am

Congrats mate, if i knew something like this i would be paying off credit card bills:(

But still Great work.

Let me know if you feel like sharing method

nitrateoxide - October 14, 2010, 1:59 am

Yeah, i dont recommend having a credit card in your life. Only leads to debt. debit cards ftw. Well my method involves the country i live in too. So it wouldn't work for 90% of users here.

aBoxoR - October 14, 2010, 11:03 am

If you're interested in making a website, then we could work something out together. You do the site and I write the articles. I'm free for this year, just trying to find a way to make serious monies.

IceCube™ - October 14, 2010, 12:47 pm
