Well.. It's not the cheapest on hf.

There are plenty free downloads.

Those are for L33T/UB3R. And the second one is old. This is so when they reach there limit or are regular members they can purchase some.

Big vouch for this guy... Awesome templates at really cheap prices.. (mine should have been \$7500)

Vouch! ;)

A little tip, your price list make no sense.

Why buy 10 for \$10 when you can get 6 for \$5 and then repeat it and earn \$2.

I have no Paypal atm :S

Could I pay you with a rsbots.net Auth? You could sell it for \$2 - \$3 probably.
