Thread: [Favorite Free Host Booters?](#)

Chebyshev - October 20, 2010, 3:01 pm

Hello HF, this is Vundo with a new question. I was /thinking/ about making a Free Host Booter thread making my own DLs and descriptions etc. (Because some of the old threads are out of date and don't use some of the newer booters).

So, if you all could do me a favor, and just post your favorite FREE host booter. Would really help, thanks :P

Remember bot not shell

ex: Metus Delphi

??h™ - October 20, 2010, 4:10 pm

I like darth ddoser. The source code was leaked a while ago to... I have it if you want it. :)

Chebyshev - October 20, 2010, 4:24 pm

I have version 2.1, you? And what's your MSN? Because I'm having issues with it.

lthasabika - October 20, 2010, 6:10 pm

DDoSeR is my favorite host booster but it ain't that good as an IRC bot.

The French - October 20, 2010, 6:22 pm

Xr ddoser is pretty nice. The udp flood is very strong.

Chebyshev - October 20, 2010, 6:28 pm

Are these FREE clients? Is IRC free to by the way?

You're an idiot. He was referring to an IRC Bot.

Not IRC.
