Thread: [[url=//hackforums.net/misc.php?action=help]Help Docs[/url]] When to Contact Staff & Who is on Staff

--([-S7N-])-- - *October 21, 2010, 8:27 pm*
Please make sure you read this new Help Document, before contacting Staff.

https://hackforums.net/misc.php?action=help&hid=27

If you need a list of Staff: https://hackforums.net/misc.php?action=help&hid=26

Thanks.

Kr4z1 - *October 21, 2010, 8:28 pm*
Omni did a good job on adding this to the Help Doc's.

It is now in my sig too!

Androctonus - *October 21, 2010, 8:32 pm*
Yeah, read that. I hope it helps.

Wiz. - *October 21, 2010, 8:34 pm*
Yeah, I also read it! Thanks to Omni for making it easier for everyone!

Burn Notice - *October 21, 2010, 8:35 pm*
Just read it all, Looks good.

pushl %ebp - *October 21, 2010, 8:39 pm*
Just read through it, it looks good. I could just imagine the amount of PM's and dumb questions you would get. ?

Trihunter3 - *October 21, 2010, 8:56 pm*
Omni has it in his sig now right, i remember reading through it be for.

Bullshit. I posted this only a few hours ago.

Shit, most of these things I don't even PM you for. -_-.. This sucks.

Elite Hacker 69 - *October 21, 2010, 9:04 pm*
So does this include my essay I'm working on Omni

iSyst3m - *October 21, 2010, 9:06 pm*
What if I want to apologize? ?

N3w_2_H@Ck1n™ - *October 21, 2010, 9:07 pm*
Great. I like the last one lol.

Do so by not PMing us, and being a better quality member.

Elite Hacker 69 - *October 21, 2010, 9:08 pm*
Perfect timing, how the fuck can one be warned for posting in caps by accident? It's a part of my keyboard yanno.

Xerotic - *October 21, 2010, 9:08 pm*
I read this when I found it in Omni's sig. Noticed it changed, a lot of it was simple linking to the rest of the Help Docs, when members are too lazy to read and search themselves >.>

Omniscient - *October 21, 2010, 9:11 pm*
The doc is partially there as an easy method to respond to the many questions answered in Help Docs. It also helped me remove my rather large angry signature which was boring me. My new response to many PMs will simply be "read my sig".

I lol'd.

Thanks Omni for the Help Docs. This will reduce a lot of people saying they didn't read the Help Docs....hopefully.

Nice job!

I am liking the new use of color as well. Today your sig has shown me the new Help Docs, and the google url shortener ^^

Yeah. Lol, I just realized that too. It's colorful! It's hawt.

Keep up the colors Omni!

Nice start. Do the rest of the links and also add a section for forum moderators with links to the forum they moderate. I'll take over from there as I want some specific text.

Fallenour - *October 21, 2010, 11:05 pm*
I really do hate to go off topic, but seeing as in a large majority of staff and omni as well are using this thread actively, if you could take a moment to look at this thread and post your opinion, it would be greatly appreciated.

also, I do apprecaite the new help form, I feel that it will improve the way members are able to reach the higher authority with less hassle and fewer threads in the lounge.

Did you do that by hand? Or automated?

Eagle 95 - *October 21, 2010, 11:48 pm*
This will clear all misunderstandings when you need to PM a staff or admin. Nice.

By hand, I own my own forum so I just grabbed the code and modified it a bit.

Hi all,

While we're in the writing mood, I just want to put it out there, if you (Omniscient/Staff) need anything written up or formatted, let me know.

Thanks,
Malware Boss
