Thread: [PhilKer Usergroup?](#)

**Elite Hacker 69** - *October 22, 2010, 3:51 pm*

What is the point of this usergroup? I read through it and it basically looks like a Philipino-Only usergroup..

Then it said a bunch of other shit, and I was denied for not living in the Philippines.

Just wondering if there is something special about this or if it is just a segregated group on the forum?

Thanks

Legacy group. They can allow anyone they want in.
