Thanks. :)

I'm making a good amount of money with CPALead, so I plan to buy members L33T and ub3r, as well as get a sticky in the monetizing forum for my website.

Oh will you buy me ub3r if i do you a favor?

I can do anything you would like within reason.

Very nice mate! By any chance are you going for red ruby in the future? It's a great award.

People need to stop begging for Ub3r on this thread.

Swat Runs Train - October 23, 2010, 1:17 am

Good contributions, I was around \$350 total last I checked but who's counting?

I think I am. Once I get \$10k total from CPALead, I'll buy red ruby.

I'm at \$7k right now.

Well done mate!

Keep up the donations! ?

Remember that buying L33T and UB3R upgrades does not count as a donation..

Azzayo. - October 23, 2010, 1:25 am

Why not do early payment a bunch so you get like 3-4k?
