Thread: [Spreading eBook - By ariton](#)

**ariton** - October 24, 2010, 7:31 am

This is my first eBook, so it isn't the best eBook. I converted it from docx to pdf and some fonts are not the original ones. Here are some details about the eBook:

Autor: ariton

Title: Spreading eBook - By ariton

Pages: 16

Description: It will teach you how to spread your RATs' server, DDoSers etc

Thread edited. .PDF and .DOCX link here is the .PDF:

Ok,i finished reading your ebook and here is my unofficial review.

Review?

==

Quality of Information: 5/5 Very nice ebook! Each method is described in detail.

Ease of Use: 5/5 Everyone can follow those methods. Very few things needed

Layout: 3/5 Doesn't includes any pics and in general the layout is very simple.

Grammar: 4/5 Saw very few grammatical errors.

Originality: 4/5 I've seen few methods before but some i didn't.

Notes: If you follow this methods daily then you're going to have many victims/downloads aswell. Very few things needed and everyone can follow these methods.

I enjoyed reading your ebook mate ?

Well you gave me the link...Downloaded and didnt read the whole thing but I can say that all those methods are allready known...And Im familyar with all those...

Have been using them be4...

But still this is a nice way to educate ppl. and get some rep :D

Anyway nice ebook...

5/10 - Nothing new but im sure that those methods are well explained here.
