CoNsEqUeNcE - November 1, 2010, 8:43 am

It looks nice, simple, and clean 7/10.

I really like it. The color scheme you have going on really fits into the overall design template.

First off, the HOT HOT HOT was so you notice it.

Second of all, there IS a spoiler.

Third, Render is not nearly LQ, it's because of Photoshop Zoom.
