Thread: [<logo request>Will pay for professionnall logo \(10\\$-300\\$\)</logo request>](#)

dusman - November 3, 2010, 11:36 pm

Hi Guys,

I am looking for a new logo for our website, I am willing to pay 10\$ to 300\$ USD depending on the quality of the logo.

For a good logo (rated 5-6/10) I will pay 10\$ to 50\$ USD;
For an excellent logo (rated 7-8/10) I will pay 50\$ to 150\$ USD;
For an outstanding logo (rated 9-10/10) I will pay 150\$ to 300\$ USD.

Payment will be via paypal. I will review the logos with my manager.

Here is our website <http://prope!!erhead.co.nz/> (please replace exclamation marks with "I")

I would like a logo that reflects our company philosophy:

- high-end IT services;
- professional, smart, expert and reliable;
- top end of the market in terms of capability and service;
- confident.

The logo should include the name of the company: Propellerhead.

For everything else feel free to use your imagination.

Feel free to watermark the logo unless I pay for it.

Please no kiddy and no amateur, no PM no msn.

Let see what you guys can come up with.

What size are you looking for? Do you have the ability to resize it or do you want a few of different sizes?

You're fairly new.

You're offering the greatest of 300 dollars.

I'm not going to jump to anything, I just don't see that happening.

this is a very big opportunity for me

Hi guys,

@ Minnesota,
the size doesn't really matter as long as you make it vector graphics (I should have specified this before). I would then have the ability to resize it with Illustrator. Good luck ;D

@ .Mentality
fair enough, I have been here long enough to say that you are one of the best graphic designer here on HF.
If i am offering \$300 for a really high quality logo it's just because I am aware of the amount of hours that this kind of work may involved. A good professional graphic designer have a pay rate of \$60-80/hour here in New Zealand. I expect this to be made in 4-6 hours by a professional graphic designer (\$60*5 hours=\$300). Should I rip you off or should I pay for what you guys deserve?
No MSN no PM except for the transaction I will send my e-mail address via PM in order to exchange confidential information.

@ xplod.motion
Good luck ;D, I am looking forward to see what you can come up with.

As mentioned in first post feel free to watermark your work unless I pay for it.

Any comments?

Hi BOND007, thank you for your submission.

Personnally I will rate this 7.5/10 which is really good, I like the 4th logo. Text and colors are quiet good but maybe you could improve this a little bit more? I will review your submission this monday with the guys at my work.

I will let you know which logo has been chosen on Sunday, 14th November which would be the date for us to choose the right one - should any of the submitted logo be chosen.

For any submission please make sure you watermark your logo.

I think i can trust you, so there is no need to add watermarks.

Hi Guys,

Ok this was not a real success and therefore no logo have been chosen.

Maybe I should offer \$5 for this kind of work...

At BOND007 thank you for trying, I have appreciated your work on this.

This is now over please delete this thread.

Cheers!
