The Elite - November 6, 2010, 12:49 pm

HF News was scheduled for either yesterday or today but some things have occurred in real life which obviously hold more priority than HF News. A close person to my heart has actually been diagnosed with cancer and I've been busy with studies already, so I most likely won't be active for 1-2 weeks. This person is one of the most important people in my life and... HF News can wait a few days hopefully.

Knuckles - November 6, 2010, 12:50 pm

take all the time you need buddy good luck and hope everything is okay.

Opulence - November 6, 2010, 12:51 pm

It can sure wait, and I wish the best for that person.

TehManyFacedGod - November 6, 2010, 12:54 pm

I wish your friend all the best pal.

Take all the time you need.

Virtual Reality - November 6, 2010, 12:56 pm

I have been in contact with The Elite, and I have been chosen to write this weeks edition while he is away with personal issues. Expect the newest edition of HF News to be up shortly, as I am going to start writing it now.

I hope everything works out alright, The Elite.

mtawolf - November 6, 2010, 12:57 pm

Personal life is more important then posting some news. :)

I think no one will die if there is no news :)

DeMeR - November 6, 2010, 2:16 pm

Great, I would love to see how Virtual Reality goes at writing the news.

That would be so hard and time consuming imo.

Ally Mac - November 6, 2010, 2:17 pm

I hope everything is okay. Good luck to them. ?.

I've written editions of HF News before, so I know what it takes. I am in the middle of compiling all

of the news I can, in-order to fill the edition with as much content as possible.

If anybody would like to suggest something to be placed in the next edition of HF News, I am currently open to suggestions.

Who are you talking to? I do not see how this has relevance to the thread.

I guess this is where I step in to complete the HF news.
It's my duty...

Jaystar - November 6, 2010, 3:27 pm

I am sorry The Elite. That is very sad to hear :(

Take as much time you need with the news.

Simba™ - November 6, 2010, 3:53 pm

I'm sorry to hear that, I rather see you be with your friend than posting HF news.

APTO - November 6, 2010, 3:58 pm

Sorry to hear the bad news, but i will pray for you as "The Elite". Hopefully they will come out on the good side, so you won't have to suffer the loss of a close person. My thoughts are with you and your family if it's a close family friend. Sorry to hear this. The best of luck, Dj JoShZoR!

Good luck with everything The Elite.

I hope it all works out fine for you.

Substance - November 6, 2010, 6:08 pm

Good luck With everything and sure News can wait ! Spoiler ([Click to View](#))this is my 100 post

Virtual Reality - November 6, 2010, 6:32 pm

I just finished writing this weeks edition of HF News, and The Elite is posting it now! :]

The Elite - November 6, 2010, 6:39 pm

I've received great news, the cancer is NON-malignant. They're going to be just fine, only a few days in hospital.

Will you do something based on cancer and explain stuff about it? It would be interesting to some members who are not as familiar with cancer and what it can do.
