a mod or admin is deleteing your post

i got confused about this ones as i saw my post and the title of one thread and i thought i didnt make this thread and i found out the first post was deleted making me the first post

Many threads have been made on this subject. It deals with a server glitch, just wait for the post or try quoting someone and the usually show up.

It tends to happen frequently on threads with a lot of post.

**Threadlocks** - November 9, 2010, 7:17 pm

keep this thread open so that omni can see this bug :)

**NaDe** - November 9, 2010, 7:22 pm

He has seen it many times.
