@Dante1217 and @Juke,

Why should i make signatures only for L33t/Ub3rs? Not because for rep. But, If i make for all members, the request's will spread like Aids! And I'll cant get a control of my service, and I'll have to close it. And if i make just for you 2, it will be unfair for other members, and i have a chance to get flamed. I'm not a kid, i know what I'm doing, and i do the right way. So please understand me.

~Thanks.
