Thread: [\[ULLF\] Tutorial Packet](#)

Gadget - November 25, 2010, 12:58 am

Here are some of my favorite photoshop tutorials (75 of them). I haven't been seeing much talent in the GFX section, so maybe these will help. :p

Thank you for the download. Very much appreciated, and cannot wait to delve into this asap and get crackin' on becoming a fairly decent gfx person.
I hope it's even better than what you say and reviews say. :)
