Thread: [Free 10 Bots \[First 15 members to PM me\]](#)

Jesús - December 1, 2010, 2:47 am

First 15 members to PM me gets 10+ bots. If you want all of them than I'd advise you to make sure it's FUD.

The reason why you have to PM me is because if I said "first 15 people to post" than people will start deleting post of course. This way it's more legit.

Anyway PM me this exactly -

Subject - 10 Bots

Body - (Your infected link + your virus scan)

EDIT -

15 Members PM me. Thread is being CLOSED
