^_^ Yesh.

I can't figure out how to make VPS's yet, I made myself a completely unlimited host though.

Nice work man :P Good luck tryna make vps's, if you manage to do it I might buy one :D

?Exordium - December 2, 2010, 12:57 pm

Awesome job man, I would buy one probably.

;D

Yum - December 2, 2010, 1:09 pm

Nice make a couple of shells, then send to me :)

But good job.

FaZe Rebirth - December 2, 2010, 2:07 pm

Shells. Are you all stupid? Why would you even shell this when you could use an iframe and redirect all their traffic to your adfly ect link and then redirect it back within the frame.

System32™ - December 2, 2010, 5:20 pm

Wow! Great job man. I would buy one too. -Maybe...

Radio - December 2, 2010, 11:26 pm

can i have a free vps account with unlimited

pushl %ebp - December 2, 2010, 11:29 pm

Nice, this host has been hacked before though.

Search - December 3, 2010, 12:02 am

Gratz bro, I bet you feel amazing now! :D

If you find out how to make vps's pm me ;D Thanks.

Shadows - December 3, 2010, 12:53 am

Great now, I'm gonna take it down untill they take control cause my VPS is on there.

Scincid - December 3, 2010, 9:25 am

You cant create a VPS on DirectAdmin lol. You'd have to install probably HyperVM.

Mike. - December 3, 2010, 1:20 pm

When you figure it out, you should make me a VPS (:

You can make unlimited webhosting!

White Hat - April 28, 2011, 7:22 pm

Unmetered VPS, with kaiten on it? Make at least 7 and you'll be the biggest boss I know. Would be nice if you could give me one? ;)
