Ya Cody, this was posted like 2 weeks ago. I've been waiting for 3 weeks, and I still haven't received my t-shirt. It's probably a HOAX.

But they shut there program down a few weeks ago I believe due to a law suit.. why are they giving away shirts for limewire..Maybe because they know nobody is going to buy them, So they are like fuck it. Then they just are like free shirts! It's like free advertising that they have already payed for.

This was a scam, I believe someone traced the address back... called the location... address was correct but the floor they claimed to be located did NOT exist.

HF Pro FTW - December 27, 2010, 12:07 pm

sonicfanrs - December 27, 2010, 12:09 pm
