Password terabit(.)blogfa(.)com [remove ()]

I will probably upload more RAT's [here](#) on my blog

Hpe this is new for you ?

Xycon - December 9, 2010, 12:41 pm

all these rats are atleast 2-3 years old

therefor the collection is wel .. worthless

Karn - December 9, 2010, 4:58 pm

Perhaps if they had the source code with it, that'd be some good reading material for beginners.

New Reply - December 9, 2010, 8:11 pm

Very old rats, it would be better if they were the sources ..

ado11 - December 10, 2010, 2:37 am

Yes very old RAT's but i'm collecting sources now probably will upload in next 7 days

versx - December 10, 2010, 4:10 am

Seen a few of these before, but they're really old. At least you're trying to contribute to the forums.

vienquay - December 10, 2010, 4:49 am

These are really old RAT, but thanks for the share anyway.

ado11 - December 10, 2010, 8:32 am

Glad you like and yes this is old school but they are RAT's perhaps some Old School RAT's collection
