how much for has@hotmail.com? PM me the price, or reply it, thanks.

Explicit - December 12, 2010, 12:52 am

Try and crack the aim "Explicit" or "Dr".
I'll give you 10\$-20\$ for each of them.

also if you'd be kind enough to give me a link to the cracker you're using I'd appreciate it.

Explicit is owned by another sn collector so it wont be crackable, and there are no 2char aim's so Dr is not a valid sn.

Here are 2 working aim crackers with different methods I posted on my forum.

How about the sn "Doctor" is that owned by any other collectors?

Most original aim/aol screen names have been either cracked or exploited (a few years back an aol employee released a TON of rare sn's to hackers/crackers/collectors, so it is very unlikely to crack super OG accounts. Accounts that I have a better chance of cracking are similar sn's like Explicitz or exp1icit or explicitt, d0ctor, doct0r, doctorz, ect ect u get the picture.
