Hey i was messing around and then i found out that all .bats where associated with windows media player and what do i change it to? and where do i find it plzz help mE

Blackice - December 12, 2010, 12:36 am

answered already, see your previous thread

szuszi2 - December 12, 2010, 12:42 am

nop its not i can find what program to look for

Blackice - December 12, 2010, 12:47 am

looks like it was deleted. this will do anyway <https://hackforums.net/showthread.php?tid=887287>
