Thread: [\[IMPORTANT\] For Rusty_v \[IMPORTANT\]](#)

Rusty_v, you need to come in here, and you owe an explanation.

This issue is regarding the account IonCore.

The ban reason has been stated as Scammer/Multiple Accounts.
You were in a transaction with him about currency exchange.

PP to LR.

You were supposed to give him \$100 PP in return on 83\$ LR.
HE sent you the LR, and I have ALL THE PROOFS of it.

All of the other proofs are in IonCore's PM Inbox, but since he has been banned by you, he cannot bring them in front.

I request the staff to not move this thread anywhere else, coz this is regarding feedback of HF STAFF!

I smell something fishy here.

He sent you the LR in the morning (IST) and you were supposed to pay him by PP.
You took the LR, and then he got a ban on his account.
I request you to either pay the PP upfront, or return the LR.

Also, I'm posting all this for IonCore, who is my very good IRL friend.

I want a sincere reply from you regarding this matter.
If the transaction won't be completed, I'll open a scam report against you with all of the proofs including screenshots of the LR account.

I'll be waiting for your reply Rusty_v.

-iCore.?

Umm staff doesn't own you an explanation. Secondly you were not even involved. If your friend has a problem with a ban and a staff member then he needs to use the "contact form". That is why it is there.

If this is a scam report, move it to the "Scam Report" section.
