Just informing everyone and staff!

Sky- - December 18, 2010, 2:11 pm

You should have just Private Messaged an online staff member.

Thanks for your 2 cents bro ?

Elxuraitor - December 18, 2010, 2:13 pm

So? I Think he's a great member and i don't think he should be criticised for making a new account and starting to contribute to the site allready, At such an early stage of his account..

If he's using a different alias, and not doing whatever he did to get banned.. Whats the problem?

Owning multiple accounts is disallowed.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

Pm a staff member with proof. I would like to know how you found out this is another one of his accounts

Elxuraitor - December 18, 2010, 2:16 pm

But if his account is banned, Then i'd classify that as no longer his..

He types like toxic and makes threads like him. He told a friend of wynstons when i was on skype with them. And on this thread <https://hackforums.net/showthread.php?tid=905162> if you look at the USG on it the computer name is under Toxic.

Minnesota Nice - December 18, 2010, 2:18 pm

If you get banned it's for a reason. So he can't make another account. PM staff OP.

Elxuraitor - December 18, 2010, 2:19 pm

Explain what he did to get banned then..?

Don't wanna bug them since they already are gonna have to close this thread when they see it. They'll see it sooner or later and ban him.

Hecker21 - December 18, 2010, 2:19 pm

He's perma banned on multiple accounts for scamming/infecting/self-vouching.

Go buy ub3r and look at his ban reason.

A second after you made this thread I checked. I saw 5 staff members.

You must be blond.

Your right that was just an excuse. I just wanted to make a thread with proof and what not.

PM Omni, don't be a bitch.

If he's using a different alias, and not doing whatever he did to get banned.. Whats the problem? It completely defeats the purpose of banning a user if they're allowed to create a new account.

Good work OP.

I PM Omni multiple times with people's multiple accounts, I don't see why you just had to make a thread.

No, you just wanted to make a thread so you could get the attention and praise of multiple members, instead of just one staff member. Don't lie to yourself.

Staff don't always read their PM's right away. This way when one has the time to see it then he will be able to resolve the problem right away.

All staff are going to do is ban him, PM Omni, he always reads his PMs, I have reported a lot of multiple account, he will just merge then.

I think that omni should make a section for people to report rep abuse and multi accounts.

PM him. It wasn't a suggestion. I wasn't suggesting he did. I was expressing my thoughts.

"I think Omni should make a report abuse/ban evaders section"

How is that not a suggestion.

Syed - December 18, 2010, 3:31 pm

It's a thought, he said "I think", unless he says "Omni should make a report abuse/ban evaders section", it's not a suggestion. So he was definitely expressing his thoughts.
