Thread: [\[MEGA\]Visual Basic Source Codes Pack - 97MB\[MEGA\]](#)

eXero - December 21, 2010, 4:28 pm

I have compiled all of the source codes I have collected at my time here on HF, or the ones I have coded myself, and put them in one big zipped folder. I am now releasing them back to HF.

I hope everyone enjoys!

is it vb.net c# vb6 ?

tnx anyway

eXero - December 22, 2010, 6:42 am

I think it is mostly VB.NET, but there may be some VB6.
